Getting started

We've made sourcing the widest range of vehicles simple and straightforward with our digital auctions platform offering stock 24 hours a day, 365 days a year.

Firstly, in order to place bids, you will need to be an authorised trade buyer. You can do this by completing our Registration form.

Once your account has been approved, Log in to access your online profile.

The screenshot shows the Cazoo Wholesale website. At the top, there are download links for the App Store and Google Play. On the right, there's a phone number (01536 40 99 99), 'Sign In', and 'Register' buttons. The main header 'CAZOO WHOLESALE' is displayed above a banner featuring a row of cars. A 'Welcome to Cazoo Wholesale' box contains text about the merger of CD Auction Group and SMH Fleet Solutions, along with 'Join us' and 'Read more' buttons. Below this is a section titled 'Forthcoming auctions' with three categories: 'LIVE' (document icon), 'PRESALE' (car icon), and another 'LIVE' section (cars icon).

How to place bids

Bidding is conducted through the catalogue view of each sale.

Using the bid boxes, enter your highest bid and our system will bid on your behalf.

Each vehicle displays the current Best Bid received so you are aware of the next required value.

Each vehicle will also show whether or not the bidding has reached its reserve price and is subsequently now on sale.

If your best bid does not quite reach the Reserve Price, our Buyer Services team will contact you after the sale to negotiate between you and the vendor in an attempt to reach a final sale price.

We know that trust and transparency are key when bidding and purchasing through our auctions. That's why we never have sight of your bids and our system will only place bids in increments decided by the value of the vehicle up to your maximum value.

Keeping track of your vehicles

Using the favourite star against each vehicle, you can build your own sale catalogue to quickly view just those vehicles in which you are interested, or just those which you have placed a bid on.

You can then download or print your bespoke catalogue.

As a registered buyer, you can also access your Buyer Network by hovering over the Account link at the top of any page and clicking on Buyer Network.

This is your personal area of our website and lists your purchase history, ensuring that you are always aware of your activity and are able to access vehicle details any time you need to.

Getting further help.

As part of our commitment to provide a full trusted and transparent service, we have developed an [FAQs](#) page which should be able to answer the majority on common questions.

However; if you require further assistance, please [Contact Us](#) or call us to speak to our Buyer Services Team.
